Stitch markers are very useful when you are crocheting or knitting. I personally use them all the time, while crocheting or when designing my crochet garments.

If you do not use them yet, try to do it. You can visit my post about them in my blog or my video in Youtube related to that.

Just print and laminate them. Cut them out and open a tiny hole with a yarn needle. Place them in your stitch markers and they are ready to use!

Here you have tags for increasings (inc),decreasings (dec), With crochet hook sizes, for you to know wich hook you are Using and also with numbers like 10,20,50,100,for you to Count stitches or rounds.

Also you have some without numbers, so that you can use Them as you want to.
